

Address of Requesting Entity: 915 Wilshire Blvd. Suite 980, Los Angeles, CA 90017

Description of Request: The Fiscal Year 2010 Energy and Water Development Appropriations Act provides \$52,193,000 for the Army Corps of Engineers' Santa Ana River Mainstem project. The Santa Ana River Mainstem Project is being constructed to address what the Corps of Engineers identified in the 1980s as "the worst flood threat west of the Mississippi River"—which then impacted three million people and 110,000 acres located in the three Southern California counties of Orange, Riverside, and San Bernardino, with estimated loss of 3,000 lives and \$15 billion in economic losses (1987–8 price levels). To date, the Federal Government and the flood control districts of the impacted counties have spent over \$1 billion on the Project. Continued funding is necessary to complete the Project and ensure the level of protection as planned. Specifically, funding is needed to complete the Reach 9 component, which is the last section of the Santa Ana River, between Prado Dam and the Pacific Ocean, to be improved as part of the project. Until the Reach 9 channel and levee improvements are completed, this reach of the river will not be able to convey the maximum 30,000 cubic feet per second outflow from the new Prado Dam outlet works. The completion of Reach 9 is necessary to provide the level of protection envisioned by the authorized project. The overflow from Reach 9 would destroy local businesses, commercial properties and homes and the adjacent sections of the State 91 freeway, a major transportation artery in the region. Interior dikes in the Prado Dam flood control basin and the construction of a new Prado Dam spillway are additional components of the project that must be funded.

Requesting Member: Congressman KEN CALVERT

Account: Construction, U.S. Army Corps of Engineers

Legal Name of Requesting Entity: U.S. Army Corps of Engineers, Los Angeles

District Address of Requesting Entity: 915 Wilshire Blvd. Suite 980, Los Angeles, CA 90017

Description of Request: The Fiscal Year 2010 Energy and Water Development Appropriations Act provides \$800,000 for the Army Corps of Engineers' Seven Oaks Dam Water Conservation Study. The requested funding would allow the Corps of Engineers to perform much needed studies and amend the water control plan to permit Seven Oaks Dam to be used for water conservation. The winter rains of 2005 demonstrated beyond question that water conservation at Seven Oaks Dam can provide a major supplemental source of water for this increasingly water-short region. Specifically, the studies will update the environmental documents relating to water conservation at Seven Oaks. The studies will also address the problem of anaerobic conditions that developed during the summer of 2004 so as to ensure that such conditions do not contaminate water stored for human consumption in the future.

EARMARK DECLARATION

HON. SAM JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, July 13, 2009

Mr. SAM JOHNSON of Texas. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I, SAM JOHNSON, am submitting the following information regarding an earmark I received as part of H.R. Energy and Water Development and Related Agencies Appropriations Act, 2010. The entity to receive funding is the Center for Energy Storage Research at The University of Texas at Dallas, 800 West Campbell Rd. MP-15, Richardson, TX, USA 75080.

This project is funded through the Department of Energy's Energy Efficiency and Renewable Energy account. The \$1,000,000 in funding will be used to continue to develop next generation energy storage materials and systems by analyzing the role nanomaterial components can play in functional energy storage systems.

The rapid increase in world energy consumption has raised a serious challenge to develop renewable energy sources which can sustain the global energy infrastructure. The majority of renewable energy sources are converted into electrical energy, which serves as a convenient energy carrier. For future renewable energy applications, electrical energy storage systems will be a critical enabling infrastructure requirement. Currently available electrical energy storage systems include electrochemical capacitors (ECs), batteries, and hydrogen storage combined with fuel cells. Compared to hydrocarbon fossil fuels combined with internal combustion engine (ICE), these energy storage systems do not have sufficient energy storage density or power density. To enable a large scale energy storage application, it will be important to explore the possibilities of developing energy storage systems which approach the energy and power density of ICE.

HONORING ZYGIMANTAS ZALYS

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Monday, July 13, 2009

Mr. CONNOLLY of Virginia. Madam Speaker, I rise today to recognize an outstanding public servant and dedicated father, Firefighter Zygimantas Zalus of Woodbridge, Virginia. Firefighter Zalus currently serves his community as a member of the City of Manassas Fire and Rescue Department. "Z", as he is known around the fire station, marked two years with the Manassas Department in April of 2009 and has three additional years of firefighting experience with the Occoquan Woodbridge Lorton Volunteer Fire Department.

Firefighter Zalus immigrated to the United States from Lithuania and embraced the spirit of public service in his adopted country. In his role as a firefighter, he has shown a commitment to public welfare and a willingness to sacrifice his personal well-being for the safety of his neighbors and community. He bears this responsibility with a wife and 14-month-old son awaiting his return home from every shift.

It came as a shock to the Zalus family when "Z" was recently diagnosed with advanced pancreatic and liver cancer. "Z", so accustomed to protecting others, found the fire department offering its unconditional support. Firefighters, emergency medical technicians and police officers have volunteered their time and energy to help the Zalus family. The International Association of Fire Fighters Local 4466 responded by organizing a softball tournament. The "Z" Tournament will raise funds for the Zalus family's medical bills and help to supplement their income during this time of need. The response from the region's public safety departments has been a lesson in community.

Madam Speaker, I ask that my colleagues join the public safety community in this remarkable show of solidarity. Firefighter Zalus and his family are not alone in their fight against this devastating disease. Men and women dedicated to the selfless protection of others stand together in the face of adversity, bonded by sacrifice and a sense of duty.

HONORING THE MONITOR

HON. JEB HENSARLING

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, July 13, 2009

Mr. HENSARLING. Madam Speaker, I rise today to congratulate a Fifth District newspaper, The Monitor, on the tremendous honors it received at the 2009 Texas Press Association Convention.

The Monitor is a fixture in Mabank, Texas, and it represented the community proudly in the Semi-Weekly Division of the annual Texas Press Association's Better Newspaper Contest.

Mr. Kerry Yancey, Editor of The Monitor, received 1st place in the Sports Photo category, 3rd place in Featured Photo and 4th place in Sports Coverage.

Ms. Pearl Cantrell, Managing Editor of The Monitor, and Mr. Yancey teamed-up to win 3rd place in News Writing.

As the Congressman of the Fifth District and subscriber to The Monitor, I am extremely pleased to see their hard work receive such deserving recognition. On behalf of the residents of the Fifth District of Texas, I would like to congratulate Mr. Kerry Yancey and Ms. Pearl Cantrell, as well as the entire staff at The Monitor, on these accomplishments.

H.R. 1511, THE "TORTURE VICTIMS RELIEF REAUTHORIZATION ACT OF 2009"

HON. SHEILA JACKSON-LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, July 13, 2009

Ms. JACKSON-LEE of Texas. Madam Speaker, I support H.R. 1511, the "Torture Victims Relief Reauthorization Act of 2009." This bill was sponsored by Representative CHRISTOPHER SMITH of New Jersey. The bill's purpose is to amend the Torture Victims Relief Act of 1998 to authorize appropriations for FY2010–FY2011 which will provide assistance for domestic and foreign programs and centers for the treatment of victims of torture. I
